## MAY J., AT 100 TO 1, WINS HER MAIDEN RACE AT THE AQUEDUCT TRACK

The weather was perfect for the sport, the track was conducive to fast time, and 8,000 people turned out.

The Edgemere Stakes, for all ages, at a mile and a furlong, was cut to pieces. Only three starters faced the barrier, including the two-year-old Allan, who was added late in the day to take third money. But Redfern was on his mettle, and in a beautiful finish he helped Allan to beat Andy Williams, the odds-on favorite, by a nose, in 1:56. Rossignol was five lengths away.

Only Favorite to Win.

Julius Fleischmann's Hurstbourne was the only successful favorite. He was the handican for two-year-olds, at five and one-half furlongs. J. B. Resspass' Colonnade broke so quickly when the barrier went up that he had three lengths the best of it, with Hurstbourne in hot pursuit at the end of the first furlong. In the stretch Hurstbourne caught the Western filly and beat her easily by three lengths in 1:07 4-5. Stamping Ground, 8 to 1. finished third, three lengths behind, and beating Ancke, 15

Flying Jib's Good Race.

Glenwater, well ridden by McInerny, captured the handicap for all ages at a mile and seventy yards, by a head from August Belmont's two-year-old, Flying Jib, who came with a great rush in the last furlong and beat Hermencia, the favorite by three lengths. The race was run in 1:46 4-5.

Nightingale and Virginia Grace were made equal favorites in the fifth event for three-year-old maiden fillies, at five furiongs, but the talent was shocked when May J., a 100-to-1 shot, staggered past the judges a winner by a length and a half in 1-22 winner by a length and a half in 1-22 winner by a length of the stage of the s Nightingale and Virginia Grace were took the place from Nightingale by half anan), 3 to 2, third. ## Cancerous

At first have nothing about them to indicate their true nature They look like ordinary sores usually treated as such, some simple salve, wash or powder being used in the hope of drying them up and stopping the discharge; but while the place may temporarily scab over, it again inflames and festers, becoming as bad or worse than ever. After awhile the deadly poison begins to eat into the surroun flesh and the sore spreads with frightful rapidity. Then the sharp shooting

from the common ulcer, are felt, and the unfortunate patient is brought face to face with the most dreaded of all maladies, a cancerous ulcer. Whenever an ulcer of any kind is slow in healing it should be closely watched, particularly if there is an inherited pre-disposition to cancer. Often times a malignant, stubborn ulcer starts from a boil, wart, mole, bruise, blister or pim-ple, for when the blood is tainted and the germs and seeds of cancer are implanted in the system, you cannot tell when nor where the deadly poison is

pains, which distinguish the cancerou

going to break out. S. S. S. cures these cancerous ulcers and chronic sores, by driving out of the system all the morbid and unhealthy matter that keeps the ulcer irritated and discharging—purifies and strengthens the blood, enabling it to throw off the germs and poisons, thus check-

ing the further for-mation of cancer cells, and when all impurities have been removed from the blood the ulcer heals naturally and permanently. S. S. S. is a purely vegetable remedy, a perfect blood purifier and tonic. Write for our free book on Cancer.
